

U.S.SAWS™

U.S.SAWS FSB-150 Walk Behind Saw

U.S.SAWS FSB-150 is perfect for concrete and asphalt cutting applications such as street repair and utility work. The heavy duty frame design reduces vibration for a fast, accurate cutting. The compact size makes transportation easier than larger gas powered saws.

Package Includes: FSB-150 Heavy Duty Walk-Behind Air Saw with Gear Box, 20" Blade Capacity, Water Feed Kit, Whip Hose, Oiler, Wrenches & (1) Quart Ice Free Oil

Features:

- Geared Driven Power
- Cuts to 7.5 inches deep
- No belt to slip
- Weight precisely balanced eliminating rocking of saw
- Lightweight and reliable
- Fume free so can be used safely in confined spaces
- Able to operate in water
- Air Specifications - 90cfm at 90psi
- Use with blades up to 20 inches in diameter

Model	FSB-150
RPM	3,300
Diameter Blades Used	20" Maximum
Air Requirements (min)	90 cfm @ 90 psi
Max. Cutting Depth	7.5"
Weight	110 lbs
Part Number	US60050
