

U.S.SAVS

SURFACE PREPARATION PRODUCT CATALOG 2022

INDUSTRIAL CONCRETE FLOORING EQUIPMENT

U.S.SAWS' professional surface preparation equipment line includes dust-free tools for cutting and widening joints, grinding and polishing concrete, decorative concrete cutting, and vacuums for collecting the dust. Accessories available include dust shrouds for your existing tools and a full line of diamond blades, cup wheels, polishing pads, and resins for cutting, grinding and polishing concrete on hand-held and walk-behind equipment.

U.S.SAWS surface preparation products are designed for the professional contractor who focuses on concrete repair and surface preparation where time and dust control are critical.

CONCRETE GRINDERS & UST SHROUDS

TC-7 STAND-UP EDGER

The most innovative concrete edge grinder on the market, the TC-7 Stand-Up Edger, is designed to give the operator the feel of a handheld grinder while maintaining a comfortable upright position. The TC-7 Edger is for grinding and polishing concrete surfaces near walls and other vertical surfaces but can also be used in open spaces where it is not practical to mobilize a large planetary.

TC-7 Specifications		
Part Number	SX67000	
Power Source	Metabo 24- 230 15 AMP 6600 RPM	
Includes	Metabo 24-230, 7" 24 segment turbo cup wheel and shroud	
Power Requirements	115V 15A	
Grinding Wheels Used	7" Diamond Cup Wheels, PCDs, ZEC Wheels, EZ Edge Ceramic Wheels, Polishing Pads	
Weight	49lbs	
Price	\$2,520.00	

The TC-7 is powered by a Metabo 24-230 15 AMP grinder. The unit comes complete with U.S.SAWS G2 Dust shroud 7" 24 Segment Turbo Cup Wheel INCLUDED. Optional Variable Speed Control for polishing available.

METABO GRINDER

CASTER GUARD

INCLUDED

TC-7 POLISHING PACKAGE

Complete package includes: TC-7 Stand Up Edger, Metabo 24-230, Dust Shroud, Variable Speed **Control and Polishing Tooling Kit**

Part Number: SX67000-PKG Price: \$3.097.50

VARIABLE SPEED CONTROL BOX

Add to the TC-7 to make it a variable speed polisher!

Part Number: SX67099 Price: \$267.80

POLISHING SET

Includes: 7" 18 Segment Bi-Turbo Cup Wheel, 7" Steel Backing Pad, 7" set of Honeycomb resin pads #50 - #3000, and E&F Nuts.

Part Number: SX-TC7 Price: \$517.00

Price: \$617.80

Power: 8,500 RPM Model

Part Number: SX60010CG2

7" METABO PREMIUM GRINDER PACKAGE

Includes: Metabo W24-230 15 AMP 6,600 RPM or 8,500 RPM grinder,

U.S.SAWS polyurethane convertible edging style pro dust shroud, loop

handle, pro blade adapter nuts, blade nut wrench, allen wrench and 7"

Custom made to fit: Bosch, DeWalt, Hilti, Makita, Metabo, and Milwaukee model grinders.

Includes: convertible edging style dust shroud, aluminum adapter ring, long and short pro blade nuts, and blade nut wrench

Metabo models: \$229.00 **Other models: \$259.00**

7" UNIVERSAL GRINDER KIT

Includes: 7" convertible edging style dust shroud, (3) polyurethane adapter rings, and collar clamp

Fits 7" & 9" 15 AMP grinders manufactured by: Bosch, DeWalt, Hitachi, Makita, Metabo, or Milwaukee

Part Number: SX65807U Price: \$123.90

Includes: polyurethane convertible edging style shroud only; designed to be used with Metabo 7" & 9" Grinders Part Number: SX65807M Price: \$115.50

7" LOOP HANDLE ASSEMBLY

Fits on a variety of grinders and provides increased operator comfort Includes: loop handle with rubber grip, bolts, and lock washers Part Number: SX73907 Price: \$62.00

CONCRETE GRINDERS & DUST SHROUDS

5" PRO GRINDER PACKAGE

Includes: WEV15-125 Quick HT Metabo 13.5 AMP, 2,800 - 9,600 RPM variable speed grinder, 5" convertible edging style hub dust shroud, and (1) 4.5" 9 segment turbo cup wheel

Power: 2,800-9,600 RPM Model Part Number: SX65000EC Price: \$379.60

5" PRO DUST SHROUD KIT

Custom made to fit: Bosch, DeWalt, Hilti, Makita, Metabo, and Milwaukee model grinders.

Includes: convertible style dust shroud and aluminum adapter ring

Metabo models: \$139.00 Other models: \$159.00

5" PREMIUM GRINDER PACKAGE

Power: 2,800-9,600 RPM Model

Part Number: SX65000C

Price: \$623.00

Includes: Metabo 13.5 AMP, 2,800 to 9,600 RPM variable speed or

8.5 AMP 10,500 RPM grinder, 5" U.S.SAWS polyurethane convertible

pro blade adapter nuts, blade nut wrench, and allen wrench

edging style pro dust shroud, loop handle, 4.5" 10 segment cup wheel,

5" DELUXE DUST SHROUD KIT

Custom made to fit: Bosch, DeWalt, Hilti, Makita, Metabo, and Milwaukee model grinders Includes: convertible dust shroud, aluminum adapter ring, long and short pro blade nuts, blade nut wrench, and allen wrench

Price: \$436.80

Power: 10.500 RPM Model

Part Number: SX65005C

Metabo models: \$209.00 Other models: \$239.00

5" GRINDER-VAC ACCESSORIES

5" LOOP HANDLE ASSEMBLY

Fits on a variety of grinders and provides increased operator comfort. Includes: loop handle with rubber grip, bolts, and lock washers

Part Number: SX53900 Price: \$41.00

5" METABO DUST SHROUD

For use with most 5" Metabo Grinders. Includes: polyurethane convertible edging style shroud.

Part Number: SX65852H Price: \$78.80

CONCRETE POLISHING

5" PRO POLISHING ASSEMBLY

Includes: Metabo PE15-30 variable speed polisher (13 AMP, 800 to 3,000 RPM), 5" U.S.SAWS polyurethane convertible edging style shroud, 5" loop handle, and 5" flexible backing pad

Part Number: SX65005CP Price: \$550.20

POLISHING SHROUD KITS

5" SHROUD KIT

Designed for the 5" Metabo PE15-30. Includes: convertible style dust shroud, adapter ring, and 5" backing pad **Part Number:** SX65218 **Price:** \$167.00

7" SHROUD KIT

Designed for the 7" Metabo PE15-30. Includes: convertible style dust shroud, adapter ring, and 7" backing pad **Part Number:** SX60218 **Price:** \$207.90

POLISHING ACCESSORIES

STANDARD CONCRETE POLISHING PAD PACKS

Set requires a backing pad, which is sold separately. Includes Grits: #50, #100, #200, #400, #800, #1500, #3000 Part Number (5" Package): PPN5GPACK Part Number (7" Package): PPN7GPACK

HONEYCOMB CONCRETE POLISHING PAD PACKS

High production polishing pads. Set requires a backing pad, which is sold separately.

Includes Grits: #50, #100, #200, #400, #800, #1500, #3000 **Part Number (5" Package):** PHN05PACK **Part Number (7" Package):** PHN07PACK

7" PRO POLISHING ASSEMBLY

Includes: Metabo PE15-30 variable speed polisher (13 AMP, 800 to 3,000 RPM), 7" U.S.SAWS polyurethane convertible edging style shroud, 7" loop handle, and 7" flexible backing pad

Part Number: SX60006CP Price: \$581.40

VSG-10 STAND UP GRINDER

VSG-10 STAND-UP GRINDER

The U.S.SAWS VSG-10 (Variable Speed Grinder) is an easy to use, concrete floor grinding and polishing machine that will prep and polish concrete surfaces in areas that cannot be accessed by larger equipment.

VSG-10 Specifications	
Part Number	SX61000
Power Requirement	115V 15 AMP Electric
Max RPM	400 - 1,500
Grinding Wheels Used	Fast Change Diamonds, PCDs, and Polishing Pads
Weight	165 lbs
Price	\$4,515.00

JOINT CLEAN-OUT SAWS

JOINT CLEAN-OUT SAWS

U.S.SAWS offers a wide range of joint clean-out saws to serve the concrete industrial flooring professional. These machines are designed to clean-out existing control joints and remove old joint fill material that needs to be replaced. Durability, accuracy, and high production rates are the key components to our industry-leading line of saws.

JS-160P 16HP PROPANE JOINT CLEAN-OUT SAW

U.S.SAWS JS-160P is a joint clean-out saw/mill designed to clean-out existing control joints to prepare for new joint fill application or remove failing or deteriorated existing joint fill material. This machine can be used to remove polyurea, epoxy, and polyurethane joint fill materials. This JS-160P has several key features to provide accuracy, high production rates, and a safe working environment.

 U.S.SAWS JS-160 is built with a certified Propane V Twin.

Propane JS Saw Model JS-160P Specifications	
Part Number	SX77160
Fuel Type	Propane
Fuel Capacity	14 lbs / 3-4 hour run time
Engine Size/ Brand	V-Twin 479CC, 16 HP Vanguard
Max RPM	5,850
Max Cutting Depth	3″
Blade Sizes	8" to 10" Dry Diamond
Max Width	Single Blade: .500" Multiple Blades: 1.5"
Minimum Blade Width	.095″
Blade Width	.095″,.110″,.125″,.187″,.250″, .375″,.500″
Arbor Size	1" with Drive Pin Hole
Dust Collector Size	350+ CFM
Weight	250 lb
Price	\$8,400.00

JS-131 13HP HONDA GAS JOINT CLEAN-OUT SAW

The U.S.SAWS JS-131 Gas – Joint Clean-out Saw is a gas-powered walk-behind saw used for joint clean-out, concrete sawing, and trench cutting. Material is milled out of the joint in an upward direction and collected by the debris collection port. It features a blade guard design that permits easy dust extraction and a secure connection to the dust collection system.

Gas JS Saw Model JS-131 Specifications	
Part Number	SX77131
Power Source	Honda GX 390
Max RPM	5,850
Max Cutting Depth	3″
Blade Diameter	8" or 10" Dry Diamond
Blade Width	.090", .125", .250" .375", .500"
Arbor Size	1" with Drive Pin Hole
Weight	200 lb
Price	\$4,500.00

JOINT CLEAN-OUT SAW

The Mark-III is designed to clean- out joints and remove existing joint filler faster and more accurately. The custom-designed blade guard allows the operator to see the blade yet still covers 98% for excellent dust control. The redesigned handle is more stable, has an adjustable height, and rotates 90° to get closer to walls or racks. The joint clean-out saw cuts up to 2" deep.

Mark-III Dust Buggy Specifications	
Part Number	SX13700
Grinder Make/ Model	Metabo W24-230
Output Power	15 Amp Electric
Max RPM	6,600
Power Requirements	115V, 60Hz
Max Cutting Depth	2″
Blade Diameter	7" or 8" Dry Diamond
Blade Width	.090", .125″, .250″
Blade Arbor	7/8″
Weight	56 lb
Price	\$1,942.50

Features:

- Electric, portable joint clean-out saw ideal for joint clean-out, joint filler removal, decorative concrete, and concrete cutting
- Adjustable blade depth with up to 2" cutting depth with 8" blade
- Powered by a Metabo 15 Amp 24-230
- Up-cut blade rotation cleans debris out of the joint
- Solid aluminum chassis provides a durable and stable machine to allow for straight, accurate cuts
- Vacuum port allows for dust-free operation

CRACK CHASING SAWS

CC-100 CRACK CHASER WITH 9HP HONDA ENGINE

The CC-100 is the fastest and most productive walk-behind crack chaser on the market today. Operators have a clear view of the cutting blade of the CC-100 by pulling the saw backward. Its unique pivoting system allows the saw to cut in tight curves effortlessly while avoiding stopping and restarting.

	CC-100 Specifications	
ł	Part Number	SX90102
	Description	Walk-Behind Crack Chaser
	Power Source	Honda GX270
	Max RPM	7,500
	Max Cutting Depth	1″
r	Blade Diameter	6" Dry Diamond
	Blade Width	.250", .375", .500"
	Blade Arbor	5/8" with Drive Pin Hole
	Weight	150 lb
	Price	\$4,500.00

HAND-HELD CRACK CHASER

(Blade sold separately)

5" CRACK CHASER ASSEMBLY

The 5" Crack Chaser saw is powered by a 5" Metabo grinder WE15-125 or a 4.5" Metabo W9-115. The Crack Chaser is a hand-held saw designed to rout out random cracks or cut concrete while collecting the dust. The grinder is great

for cutting out mortar or grout joints.

Crack Chaser Specifications		
Part Number	SX55010	SX55014
Grinder Make/ Model	Metabo WEV15-125 QUICK HT	Metabo W9-115
Power	13.5 AMP	8.5 AMP
RPM	2,800-9,600	10,500
Power Requirements	120V, 60Hz	120V, 60Hz

Price	\$1,013.30	

INDUSTRIAL DUST COLLECTION VACUUMS

U.S.SAWS' ULTRA-VAC DUST VACUUMS

U.S.SAWS vacuums are specifically designed for concrete dust and the construction industry. All our vacuums are OSHA compliant under Table 1 Silica Dust guidelines when appropriately used. Oversize filters maximize airflow even while the dust bin is near capacity. The Ultra-Vac line is a simple, rugged design to withstand the abuse of even the toughest crews.

The vacuums feature front and rear handles for easy transportation, heavy-duty wheels that allow the user to roll over cords and job site debris easily. The shaker style filter clearing, large capacity dust bins, and large multi-pleated filters allow more extended use of the dust collector.

-

RA-VACS

ULTRA-VAC 1250 GAS POWERED VACUUM

The U.S.SAWS Ultra-Vac 1250-G is a heavy duty vacuum designed for collecting concrete dust where a gas powered engine is most convenient. The wide, flat wheels make it a good choice for early entry control joint cutting as they will lessen the possibility of indentations in the slab. This machine is constructed of an all steel tube frame with a polyethylene body for years of use and abuse.

*The Vac is designed for use with the U.S.SAWS JS-160P, JS-131, CC-100, and various early entry saws.

Ultra Vac 1250 Gas Specifications	
Part Number	SX50005G
CFM	450
Water Lift	115″
Dust Bin	12.5 Gallons
Power Source	Honda Gas Engine GX240
Filter Size	18.3 sq. ft.
Weight	150 lbs
Hose Inlet Size	3″
Frame / Body	Tube Steel / High Density Polyethylene
Price	\$6,615.00

ULTRA-VAC 1250 INDUSTRIAL VACUUM – WITH HEPA FILTERS

The heavy-duty, durable Ultra-Vac 1250 is our most popular vacuum. Its large filter will allow the vacuum to perform without losing suction even with a full dust load. The vacuum is designed for the construction professional and is a perfect match for 7" grinders, 8" scarifier, small planetary machines, and joint clean-out equipment.

Ultra Vac 1250 - HEPA Specifications	
Part Number	SX50000
CFM	220
Water Lift	110″
Dust Bin	12.5 Gallons
АМР	17 Amp
Voltage	120V
Filter Size	18.3 sq. ft.
Weight	88 lbs
Price	\$2,995.00

INDUSTRIAL DUST VACUUMS

U.S.SAWS' DURA-VAC DUST VACUUMS

The U.S.SAWS DuraVac collection is a lightweight and extremely durable industrial dust collection system. The industrial vacuum systems are equipped with tested and certified HEPA filters that trap the most dangerous to breath dust particles and prevents them from being released in the air. The DuraVac's are OSHA certified dust collection systems.

Dura Vac 221B	
Part Number	SX52210

JOINT FILL PUMPS

Joint filling on exposed concrete slabs is crucial in maintaining a smooth and durable control joint system. An unfilled joint will quickly deteriorate under heavy loads causing material handling and cleanliness problems. Most control joints are being filled with epoxy or polyurea joint fillers, and U.S.SAWS has a solution for all your joint fill needs.

The U.S.SAWS polymer pumps were designed with the industrial flooring contractor in mind. These machines are easy to use, easy to repair, and maintain; the polymer pumps have been built using high-quality components allowing for years of use. Our unique semi-transparent tanks will enable the operator to monitor the material level in them, so they never run out, and the proper ratio can be observed. Our pumps use a driven gear and chain design to ensure that they turn at the same speed. The operator's variable pumping speed allows the user to go as fast as they can or slow down for optimal accuracy. These machines are proudly made in the USA.

U.S.SAWS Joint Fill Machines are able to be equipped with a battery and inverter for cord-free use.

ONE MAN POLYUREA PUMP

The new design of this joint fill pump allows for one-person operation. Constructed with a lower tank design makes for easier filling. A built-in storage area allows for the storage of a generator or a battery. Also equipped with a box for tools storage and a waste bucket holder for fewer drips on the floor.

Part Number: SX20550 **Price:** \$7,250.00

1/2HP 110V ELECTRIC DUAL COMPONENT POLYMER GEAR PUMP

Simple to use, easy to maintain, efficient joint fill pump. Single chain gear drive keeps the pumping ratio consistent. Semi-transparent tanks allow the user to monitor fluid levels.

Part Number: SX20100 Price: \$6,899.00

For the latest U.S.SAWS products and pricing, go to www.ussaws.com or speak to one of our experts at 877.817.6687

CRACK CHASING & "V" BLADES

The "V" Blades are a high diamond concentration for general joint clean-out and crack chasing applications. Designed with a laser welded segments allow for durability. May be used wet or dry.

Applications: Concrete, Grout, Mortar

USAGE: JOINT CLEAN-OUT SAWS, HAND-HELD SAWS, CC-100

Size	Part No.	Description		
	.250 "V" Shaped Segments

TURBO CUP WHEELS

Turbo Cup Wheels are constructed with an angled segment allowing to stabilize the wheel to help eliminate gouging. Applications: Planing down high spots, thin coatings removal

Choose fewer segments for more aggressive grinding.

Turbo Cup Wheels			
Size	Part No.	Description	
4″	CW4TR8PDB	4x7/8-5/8 8 Segment Std

7" SWAT Cup Wheels - *18 Grit			
Size Part No. Description			
	CW7SW33DS	3+3 most aggressive	
7″	CW7SW63DS	6+3 aggressive; longer life than 3+3	
	CW7SW99DS	9+9 longest life	

BI-TURBO CUP WHEELS

The long segments help eliminate gouging and cover more surface to increase production. For a more aggressive grinding, select a wheel with fewer segments. For a longer life, choose a wheel with more segments.

Applications: Planing down high spots, thin coatings removal

ARROW SEGMENT CUP WHEELS

The angle of the arrow-shaped segment allows the wheel to scrape and grind at the same time.

	Arrow Segment Cup Wheels			
Size	Part No.	Description		
5″	CW5AR6PDS	5x7/8 6 Segment		
5	CW5AR6PTS	5x5/8-11 6 Segment		
7″	CW7AR10PDS	7x7/8 10 Segment		
1 ²	CW7AR10PTS	7x5/8-11 10 Segment		

PCD CUP WHEELS

The U.S.SAWS Gold Series of PCD's have small sharp segments that are made to rip through multiple layers of coatings and shred urethane deck coatings. The small sharp segments are extremely effective when removing waterproofing coatings that have elasticity.

The U.S.SAWS Blue Series of PCD's have a quarter round segment that is effective in removing coatings and adhesives and leaving minimal surface damage. The rounded segment effectively scrapes away material but is not designed to grind into the concrete substrate. Best for use on carpet adhesive.

T-SEGMENT CUP WHEELS

The T-Segment cup wheel is a perfect wheel for aggressive grinding and provides a good life span. Applications: Planing down high spots and removal of thin coatings

*Not recommended for curing compounds or before thin mill coating application or polishing.

DIAMOND GRINDING PLATE

10" Diamond Arrow Segmented Grinding Plates

Used for thick coatings, epoxy, glue, resin & other membrane removals.

The angle of the arrow-shaped segment allows the segment to scrape and grind at the same time. The design enables segments to burrow underneath coatings and adhesives.

10" Segmented Grinding Plates

Used for cleaning, smoothing & coating removal and designed for 10" high-speed grinders.

Select fewer segments for more aggressive grinding; more segments for longer life. 10 or 20 segments grinding plate with 4 bolt holes

EASY EDGE

Easy Edge is a revolutionary design that improves edge work quality while reducing the scratches and gouging that metal bond cup wheels can cause. The Easy Edge™ system will eliminate metal bond cup wheels on most concrete polishing projects. Easy Edge is fast, lightweight, and easy to use, resulting in a superior edge; it works well on hard, medium, and soft concrete. Dry or wet.

RESIN PADS

Thin Resin Pads

3" thin, velcro resin pads

They can be used for wet or dry polishing of concrete applications. Best suited for wet grinding of concrete, terrazzo, and calcareous stone when durability and wear rates are a concern.

Resin Pads

3" thick, velcro resin pads They are a premium quality polishing pad for delivering exceptional gloss and clarity. They are strictly for dry polishing of concrete and cement-based terrazzo floors.

ABOUT U.S.SAWS

U.S.SAWS' Surface Preparation division manufactures specialty equipment for the industrial flooring, concrete repair, and concrete polishing industries. Former owners of Sawtec®, U.S.SAWS' principals each have over 30 years of experience in the concrete repair industry and are very knowledgeable about Sawtec® products. They are dedicated to improving contractors' brand loyalty through innovative product enhancement and personal customer service.

U.S.SAWS' professional-grade surface preparation equipment line includes dust-free tools and accessories for grinding, cleaning, and polishing concrete, cutting and widening joints, and other joint clean-out applications and crack chasing equipment. The products are designed for the professional contractor who focuses on concrete repair and surface preparation where time and dust control are critical.

U.S.SAWS offers a "Satisfaction Guaranteed" policy on all products sold, "Quality, No Excuses!"

LIMITED EQUIPMENT WARRANTY

U.S.SAWS warrants each new unit to be free from defects in material and workmanship for one year from the date of factory shipment.

This warranty does not obligate U.S.SAWS to bear any transportation charges or personnel time connected with the replacement or repair of defective parts. This warranty does not obligate U.S.SAWS to incur any expense for travel time or personnel associated with service calls.

Accessories or equipment furnished and installed on the product by U.S.SAWS but manufactured by others shall carry the accessory manufacturer's warranty.

U.S.SAWS will not, in any event, be liable to the user for any consequential damages arising out of the sale for the loss of use, loss of profits or revenue, interest, lost goodwill, or work stoppage.

RETURN / CLAIM POLICY

- Return of merchandise for credit or exchange must be done within 90 days of receipt. Authorized U.S.SAWS factory personnel must approve all returns, at which time an RA# (Return Authorization) will be issued. A copy of the RA will then be faxed to the customer to use as a packing list and describe any defects.
- 2. Obsolete parts or special orders will not be accepted for return.
- 3. The package MUST include a copy of the RA. Merchandise shall be returned freight prepaid unless approved otherwise. All returns NOT accompanied by an RA# will be refused.
- 4. Upon arrival, all items will be evaluated for credit. If an item is deemed defective, a credit will be issued toward any replacement order.
- 5. Each return will be subject to a 15% restocking charge.
- 6. Any claims of shortage, damage, defects or wrong items must be submitted to U.S.SAWS within 30 days of receipt.
- 7. Electric motors and gas engines are covered under the manufacturer's warranty. These items should be sent to their respective service centers for inspection, repair or replacement when deemed necessary.
- 8. The customer must submit a claim to the carrier when items are received damaged.

ALL ORDERS SHIPPED IN THE U.S. OR CANADA

- 1. All prices quoted are F.O.B. origin.
- 2. All prices are subject to change without no
- 3. Discounts are not allowed on tax, freight or labor. Accounts not paid within 30 days are subject to 1.5% per month service charge (18% annual percentage rate).
- 4. U.S.SAWS reserves the right to bid and sell direct to the U.S. Government.
- 5. U.S.SAWS reserves the right to modify, alter and improve any part or parts without incurring any obligation to replace any part or parts, previously sold with such modified, altered or improved part or parts.
- 6. \$25.00 minimum net order for parts and accessories.
