

U.S.SAWS™

U.S.SAWS DuraVac 220B Industrial Dust Collection

The Dura Vac Dust Collection System comes standard with a HEPA filter, a Longo starter pack, wand and vacuum head.

U.S.SAWS DuraVac 220B is a lightweight and extremely durable industrial dust collection system. The industrial vacuum is equipped with a tested and certified HEPA filter that traps the most dangerous to breathe dust particles and prevents them from being released in the air. The Dura Vac not only exhausts perfectly clean air, but it is also far more efficient for the fast recovery of bulk dry dust, debris, and other building materials found on every construction, abatement, and restoration job site. The DuraVac 220B is OSHA certified dust collection system.

Top Mounted Dual Vacuum Motor
