

U.S.SAWS™

FSB-150 WALK BEHIND SAW

The U.S.SAWS FSB-150 is ideal for concrete and asphalt cutting applications, including street repair and utility work. Its heavy-duty frame minimizes vibration, ensuring fast and precise cuts. With a compact design, it's easier to transport compared to larger gas-powered saws. The FSB-150 cuts up to 7.5 inches deep and operates with an air requirement of 90 CFM at 90 PSI.

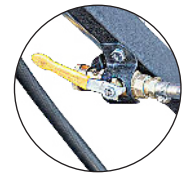

Package Includes: FSB-150 Heavy Duty Walk-Behind Air Saw with Gear Box, 20" Blade Capacity, Water Feed Kit, Whip Hose, Oiler, Wrenches & (1) Quart Ice Free Oil

Features:

- Geared Driven Power
- Cuts to 7.5 inches deep
- No belt to slip
- Weight precisely balanced eliminating rocking of saw
- Lightweight and reliable
- Fume free so can be used safely in confined spaces
- Able to operate in water
- Air Specifications - 90cfm at 90psi
- Use with blades up to 20 inches in diameter
