

U.S.SAWS™

PC7500 REVERSIBLE PLATE COMPACTOR

The PC7500 is versatile, affordable, and packs a punch! Perfect for many general compaction needs, pounding larger footprints quickly and effectively.

The fully hydraulic reversing mechanism sets the line of reversible compactors apart from the competition, providing more flexible manoeuvrability for forward, backward, and spot-on compaction.

Features:

- Cast aluminium throttle lever for professional and durable control
- Integrated lifting bale for safe loading and unloading
- Full roll cage and cast aluminum belt cover for clutch and engine protection
- Ductile iron bases for increased strength
- Retractable wheels flip down for built-in mobility
- Optional extension plates further increase production rates
- Full speed in both forwards and reverse
- Specialized for compacting sand, trench, and patching

PC7500	
Engine	Honda
Spec	GX270
Power Output	8.5hp (6.3kW)
Compaction Force	7850 lbf / 35 kN / 3570 kgf
Max Travel Speed	52'/min (16m/min)
Length/ Width/ Height	53" x 18" x 38"
Weight	449 lbs
Plate Size	18" x 28"
Base Material	Ductile Iron
Part Number	USPC7500
